

MEETINGS: PROCEDURES: DISTRIBUTION OF MATERIALS

The agenda for all meetings of the Board of Education shall be made available to any organization or resident of the district.

From time to time, materials may be distributed to the members of the Board of Education concerning matters which may be discussed at a meeting of the Board. All such materials shall be treated as "confidential" until such time as the materials are discussed or debated at a public meeting or are disseminated by the Board of Education.

As a matter of practice, the Board shall take sufficient time, as appropriate, for discussion among the Board members and in public session prior to making decisions.

None of the members or employees of the Board of Education shall disseminate any confidential materials. However, employees and members of the Board of Education may at any time discuss any matters with others; provided that in such discussions, none of the employees or members of the Board shall disclose the recommendations or opinions of employees or Board members or confidential material until and unless such recommendations, opinions or materials are given, expressed or disseminated at an open meeting of the Board of Education.
